

## Rebates Are on the Menu

Big news for commercial kitchens: Our Commercial Program now offers rebates on ENERGY STAR® certified natural gas foodservice and heating equipment.

Equipment	Rebate
ENERGY STAR certified fryer	\$950
ENERGY STAR certified griddle	\$250
ENERGY STAR certified steam cooker	\$200

### Food for Thought

- Restaurants use about **2.5 times more** energy per square foot than other commercial facilities.
- ENERGY STAR certified fryers are **30% more efficient** than standard models.
- Just **one** commercial fryer alone uses more energy than the average household.
- Steam cookers that are ENERGY STAR certified **save about \$1,000** annually and, on average, \$12,000 over the product's life.
- ENERGY STAR certified griddles use highly conductive or reflective plate materials, featuring improved thermostatic controls and strategically placed temperature sensors.

### Discover More

Download your rebate application now at [oklahomanaturalgas.com/rebate-programs/custom-commercial](http://oklahomanaturalgas.com/rebate-programs/custom-commercial) or reach out to us at **405-437-4304**.

## How to Get Your Rebate

1. Download the application at [oklahomanaturalgas.com/rebate-programs/custom-commercial](http://oklahomanaturalgas.com/rebate-programs/custom-commercial).
2. Complete the application on the back and submit it with the installed equipment receipt(s) and installation invoice(s) within 30 days of installation to:  
**Email:** [OKONGRebates@clearesult.com](mailto:OKONGRebates@clearesult.com)  
**Mail:** CLEAResult  
210 Park Ave., Suite 1000  
Oklahoma City, OK 73102
3. To ensure your new equipment was installed to our expectations, it may be subject to a quick quality inspection by our program partners at CLEAResult.

## Eligibility Requirements

- The facility where your new equipment is being installed must have a valid Oklahoma Natural Gas account number and a COM or TRPT (255T) rate code. Check the top part of your monthly bill to see your rate code.
- Equipment must be new and ENERGY STAR certified (see [energystar.gov/cfs](http://energystar.gov/cfs) for qualifying products).
- Rebates are paid on a first-come, first-served basis while funds last.
