

# Natural Gas Matters

IDEAS AND INSIGHTS FROM YOUR NATURAL GAS SERVICE PROVIDER

## Paperless Billing – Easier, Faster, More Convenient

What can save time, postage and trees? Enrolling in the Oklahoma Natural Gas Paperless Billing Program! It's the easier, faster and more convenient way to manage your Oklahoma Natural Gas bill.

Once enrolled in Paperless Billing, you will no longer receive a paper bill in the mail. Instead, you'll receive an email each month letting you know that your statement is ready for viewing. Just click the link provided to visit our website, where you can view your bill and even make a payment online.

Enrolling in the program is easy. First, be sure to register your account online by visiting [www.oklahomanaturalgas.com](http://www.oklahomanaturalgas.com) and clicking on "Register Today!" in the upper right corner. Once you're logged in, click on "Billing and Account Options" and select "Paperless Billing" to enroll and enjoy the convenience of Paperless Billing.

You may also enroll in our Paperless Billing Program through our mobile app, available in both Apple® and Android® app stores. You must have an Oklahoma Natural Gas online account in order to gain account access using the mobile app.

Paperless Billing is easy, free and – just like clean-burning natural gas – environmentally friendly! The fewer paper bills cluttering your countertops, the more trees we save. That's a win-win.

Visit [www.oklahomanaturalgas.com](http://www.oklahomanaturalgas.com) to enroll in our Paperless Billing Program today. 

## Save Money By Saving Energy

Saving energy can help save you money on your monthly utility bills – and who doesn't want that! Here are a few tips to help you be more energy efficient throughout your entire home:

- > Install a programmable thermostat. Save money on your monthly utility bills by using a programmable thermostat to adjust your home's temperature while you're away from the house.
- > Install low-flow devices on your showers and faucets to lower your average water usage, providing extra savings on your monthly bill.
- > When using your cooktop, match the pot size to the burner size and keep the lid on the pot to shorten cooking time.
- > Run your dishwasher only when full. You can also let the dishes air dry instead of using the drying cycle to save even more energy.
- > During winter, open curtains or shades to let the sun warm your house. Close during the night to keep the warm air in.

## Save Energy and Money With a Natural Gas Dryer

If you purchase and install an efficient natural gas clothes dryer, you could receive a rebate of up to \$500 through our Energy-Efficiency Program!

It's a smart choice – gas dryers have faster cycle times than electric dryers, and clothes come out “fluffier” with natural gas – all this while giving you significant savings on your energy bills.

For quality, cost and energy efficiency, you just can't beat natural gas. For more information, program details and application forms, go to [www.oklahomanaturalgas.com/rebates](http://www.oklahomanaturalgas.com/rebates).

## Tiny Cherry Cheesecakes

### Ingredients:

2 8-ounce packages reduced-fat cream cheese  
 3/4 cup sugar  
 1 teaspoon vanilla extract  
 2 eggs, lightly beaten  
 12 reduced-fat vanilla wafers  
 1 can (12 ounces) cherry pie filling

### Directions:

1. In a small bowl, beat cream cheese until smooth. Gradually beat in sugar and vanilla.
2. Add egg to the mixture; beat until blended.
3. Place each vanilla wafer flat side down in a foil-lined muffin cup. Fill with cream cheese mixture. Bake at 350° for 15-20 minutes or until set. Cool on a wire rack for 1 hour (centers will sink slightly).
4. Spoon cherry filling into the center of each cheesecake. Store in the refrigerator.

Yield: 1 dozen.
