

NATURAL GAS MATTERS

A BETTER TOMORROW STARTS TODAY.

LOCK IN YOUR NATURAL GAS PRICE

Each month when you look at your bill, you'll see a line item called "cost of gas," which indicates the cost of natural gas you used that month. This cost can vary from month to month based on how much you use and what Oklahoma Natural Gas paid – at no markup – for the natural gas supply.

As an Oklahoma Natural Gas customer, you can know exactly how much you will pay for each Dekatherm* of natural gas you use over a 12-month period. By enrolling in our Voluntary Fixed-Price Plan, you'll lock in the price you pay for natural gas over the next year.

We've already bought a portion of our winter natural gas supply at fixed prices, so we know its cost. We're making that natural gas available to those who wish to enroll in the Voluntary Fixed-Price Plan at \$3.155 per Dekatherm for the 12-month period beginning November 1, 2018.

The price only applies to the cost of the natural gas itself. Regular service and delivery charges apply, and your bill will still vary each month according to the amount of natural gas you use.

If you enroll in the Voluntary Fixed-Price Plan, you could pay a different price than customers who do not enroll in the plan. The plan does not guarantee savings; it is intended to protect customers from the occasional swings in natural gas prices.

To participate in the program, you must enroll by October 19, 2018. Enrollment is limited. Enroll online at www.oklahomanaturalgas.com or through our mobile app, call us at 1-800-664-5463 and select "other billing options" or use the enrollment form on the back of this newsletter.

**A Dekatherm (Dth) is a measure of energy content. One Dekatherm is the approximate energy content of 1,000 cubic feet of natural gas.*

VOLUNTARY FIXED-PRICE PLAN TERMS:

- Customers must enroll for the entire 12-month period and, once enrolled, cannot be removed from the program until the next enrollment period. Customers who were previously enrolled in the Voluntary Fixed-Price Plan must re-enroll each year.
- During the plan period, enrollees will pay a fixed price of \$3.155 per Dekatherm of natural gas used.
- If you move within the Oklahoma Natural Gas service area during the plan period, your enrollment transfers to the new service location.
- Voluntary Fixed-Price Plan enrollees may not opt out of the Temperature Adjustment Clause.*
- Small commercial customers (businesses using 150 Dekatherms or less annually) must also enroll in the Automatic Bank Draft Plan to be eligible for the Voluntary Fixed-Price Plan.
- Customers may also participate in the Average Payment Plan. To find out more about Average Payment Plan, visit www.oklahomanaturalgas.com.

** The Temperature Adjustment Clause is a means of adjusting a portion of your bill to reflect normal weather conditions from November through April each year to stabilize your bills.*
