

**RATE SCHEDULE 701
COMPRESSED NATURAL GAS SERVICE
INDIVIDUAL METERING**

Availability

Natural gas service under this rate schedule is available to any individually metered commercial or industrial customer for providing gas service to a compressed natural gas facility, at any point on Company's system, but only where adequate capacity presently exists, or can be provided in accordance with the rules of the Oklahoma Corporation Commission, or the system of another pipeline with respect to which the Company has an agreement with such pipeline or is taking gas pursuant to a tariff for such service but only to the extent that: (1) the meter for such customer exists at December 31, 2009; (2) service is required by law; (3) service is agreed to by such pipeline. The Company will provide, install and maintain all necessary compression facilities except the equipment to be installed on the Customer's vehicles. The Customer is required to provide electrical service and power to the compression facilities.

Customers served under this rate schedule may elect to secure their own gas supply for transportation on the Company's distribution system. Customers electing transportation service will be subject to General Terms and Conditions for Transport Tariff 2000, Line Loss Rider Tariff 1191 and to OGT Transmission Charges on a volumetric basis.

The Company reserves the right to establish minimum levels of annual consumption and other contractual provisions for each customer as the criteria for installing compression facilities and to discontinue gas service under this rate schedule and remove all Company-owned equipment with thirty (30) days written notice to the Customer if, in the Company's opinion, the agreed upon volumes are not being taken or contractual provisions are not being fulfilled to justify the required investment in the Customer's installation.

Gas service under this rate schedule is available only with the Company as the sole supplier or transporter of natural gas for Customer, and is not available for standby or supplemental service or for resale to others in any form except as compressed natural gas for motorized vehicles. Gas sold under this tariff is provided exclusively for compressed natural gas service and shall not be used by Customer for any other purpose. The minimum period for which service under this rate schedule is available is one (1) year.

Other Conditions

It is recognized that Company has authority without approval from the Oklahoma Corporation Commission or its staff to negotiate and vary from Customer to Customer the Rate and the Additional Charges set forth in this Tariff, and each of the Special Provisions hereof, including but not limited to the fees to be charged there under and the terms and conditions and general provisions of Tariffs 2000 and 2001.

If the Company and Customer elect not to enter into a formal written gas transportation agreement, any transportation service provided by Company to Customer under this Tariff shall be deemed to be provided subject to the terms and conditions of Tariff 2000 and 2001.

Payment

Bills are to be paid within 10 days after the date of Company's bill to Customer.
