

Natural Gas Matters

IDEAS AND INSIGHTS FROM YOUR NATURAL GAS SERVICE PROVIDER

Feel at Home with the Comforts of Natural Gas

Whether you find comfort from a warm home, a hot shower or the peace of mind that comes with lower energy bills, natural gas is the choice for you. From room to room, natural gas helps you feel right at home with hot water, dry clothes, home-cooked meals and a warm house, all while helping you save energy and money.

- In the Kitchen:** Not only is natural gas the top choice of chefs for its superior cooking ability, it's also the smarter choice for energy savings. A natural gas range can operate at about half the cost of an electric range.
- In the Bathroom:** When enjoying a relaxing bath, your energy bill should be the farthest thing from your mind. With a natural gas water heater, it can be! The average household can save approximately \$300 a year on energy bills by replacing an electric water heater with a gas water heater.
- In the Laundry Room:** With a gas clothes dryer, your clothes will dry faster and fluffier at half the cost. Natural gas dryers have faster cycle times than electric dryers, and many can handle two loads of laundry for the same cost as drying one load in an electric dryer.
- In the Living Room:** Natural gas fireplaces are easy to use, and they provide all the warmth, comfort and ambiance of a wood-burning fireplace. Plus, natural gas fireplaces light quickly, so you can start enjoying the comfort of your fireplace sooner.
- Throughout Your Entire Home:** Warm air from a natural gas furnace is up to 25 degrees warmer when it comes through the vent compared with an electric heat pump. This means your home will feel warmer – and more comfortable – faster and more efficiently.

Temperature Adjustment

Oklahoma weather can be unpredictable, but your natural gas bill doesn't have to be. That's why we created a billing mechanism that adjusts a portion of your bill to reflect normal weather conditions during the heating season (November through April) to help stabilize your bill from year to year.

In simple terms, your bill is adjusted down when the weather is colder than normal and up when the weather is warmer than normal. Because temperatures vary from month to month, the adjustment is different each month. Monthly gas bills for November through April have reflected such temperature adjustments since 1995.

However, if you would like to opt out of the temperature adjustment billing process, email us at customerhelp@oklahomanaturalgas.com or mail a written request to:

Temperature Adjustment Opt Out
Oklahoma Natural Gas Company
P.O. Box 401
Oklahoma City, OK 73101-0401

Be sure to include your Oklahoma Natural Gas account number, the name on the account, the service address and a daytime phone number. You may opt out at any time during the heating season. If you elect to opt out, you will be bound by that decision until the next heating season, at which time you may change your election.

Mexican-Style Street Corn

Ingredients:

4 ears shucked corn
½ c low-fat plain Greek yogurt
½ teaspoon chili powder, plus more for serving
½ cup finely crumbled cotija or feta cheese
Cilantro and limes for garnish

Directions:

1. Heat your natural gas grill and place corn on grill. Rotate corn occasionally until cooked through and charred in spots on all sides.
2. While corn is cooking, combine Greek yogurt and chili powder in a small bowl.
3. Remove cooked corn from grill and brush yogurt mixture onto corn.
4. Sprinkle with cheese and extra chili powder if desired. Garnish with cilantro and limes.
