

Before filling out your rebate application, please carefully review all requirements and the checklist below to help expedite the approval process. Rebate applications must be submitted within 180 days of equipment installation.

INCOMPLETE APPLICATIONS MAY BE DELAYED OR DENIED.

You have three options for submitting your rebate application:

Online

Visit oklahomanaturalgas.com and click on "Save Money" on the menu bar then select "Rebates" from the drop down. Select "Apply Online Today" and complete your rebate application and upload required documentation.

Email

Complete and email your application within 180 days of installation to: ongrebates@onegas.com

Mail

Complete and mail your application within 180 days of installation to:

Oklahoma Natural Gas Energy-Efficiency Program

P.O. Box 401

Oklahoma City, OK 73101-0401

Rebate checks or utility credits will be issued approximately six to eight weeks after the application approval, subject to availability of program funds.

When submitting a rebate application, make sure:

- _____ You have an active Oklahoma Natural Gas account.
- _____ You are submitting your rebate application within 180 days of appliance installation date on your contractor's invoice.
- _____ The installed equipment meets the minimum efficiency and specific eligibility requirements for the rebate. Please review our "Learn More" forms prior to submission at oklahomanaturalgas.com/rebates.
- _____ You have filled in all requested information, including the contractor information.
- _____ You have included all proof of purchase information (Section 3) including:
 - _____ Retailer/Contractor name, address and phone number
 - _____ Itemized list of equipment quantity, description, manufacturer, model number and other identifying information, as appropriate
 - _____ Purchase date and price showing paid in full or a zero balance
- _____ You have signed the "Acceptance of Terms" section of this application (Section 7).

3. Attach Proof of Purchase

REQUIRED

Please include a copy of an itemized receipt and/or invoice with your application. Your retailer or contractor can provide this document for your qualified product. Any applications missing this will be delayed or denied.

Proof of purchase must include the following:

- Retailer/Contractor name, address and phone number
- Itemized listing of quantity, description, manufacturer, model number and other identifying information as appropriate
- Purchase date and price showing paid in full or a zero balance

4. Review and Submit your Application

Completed application(s) along with required documentation must be submitted within 180 days of installation using one of the three options below:

Online

Visit oklahomanaturalgas.com and click on the "Save Money" then select rebates from the drop down. Select apply online today and complete your rebate application and upload required documentation.

Email

Complete and email your application within 180 days of installation to: ongrebates@onegas.com.

Mail

Complete and mail your application within 180 days of installation to:

Oklahoma Natural Gas Energy-Efficiency Program
P.O. Box 401
Oklahoma City, OK 73101-0401

Rebate checks or utility credits will be issued approximately six to eight weeks after the application approval, subject to availability of program funds.

5. Terms and Conditions

As you decide whether to participate in Oklahoma Natural's Energy-Efficiency Program, please review the following terms and conditions:

1. Oklahoma Natural is not responsible for any decision regarding the selection of equipment to qualify for rebates under our energy-efficiency programs. OKLAHOMA NATURAL DOES NOT MAKE AND HEREBY DISCLAIMS ANY WARRANTY CONCERNING THE MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE FOR ANY EQUIPMENT CHOICE THE CUSTOMER MAKES. The customer is responsible for the full cost and installation of any equipment.

2. Oklahoma Natural is not responsible for any decision about which licensed and qualified contractor the customer selects. Oklahoma Natural encourages its customers to carefully research and select an Oklahoma licensed plumber or heating, ventilation and air-conditioning (HVAC) contractor to install qualifying equipment. Oklahoma Natural is not responsible for any damage caused (a) when a contractor enters a customer's premises or during installation, (b) by poor workmanship or (c) by failure to complete projects. Oklahoma Natural will not intervene in disputes between a customer and his or her selected contractor. Oklahoma Natural also strongly encourages participating customers to be sure any installation conforms to all applicable codes, permit requirements and manufacturer installation recommendations and requirements. Oklahoma Natural is not responsible for determining whether a customer's appliances are installed correctly or safely. In the event you believe an appliance is unsafe or you detect the odor associated with natural gas, you agree to immediately call 800-458-4251.

3. The Department of Energy and others provide information on projected energy savings for different types of appliances and installations. Oklahoma Natural makes no warranty concerning the accuracy of this information or whether the devices the customer selects will accomplish the projected energy and cost savings.

5. Terms and Conditions (Cont.)

4. Oklahoma Natural requires each customer to present a completed rebate application and is unable to process incomplete applications. Applications and additional information are available at oklahomanaturalgas.com/rebates. Oklahoma Natural reserves the right to verify all information provided. Oklahoma Natural issues rebates in the form of checks or utility credit upon request. The Company is not responsible if the dealer/installer or retailer fails to provide accurate information about the amount of a rebate or eligibility. Rebate checks or utility credits will be mailed approximately six to eight weeks after approval, subject to availability of program funds. If your rebate check is unable to be delivered and is returned after two attempts, we will issue a utility credit.

5. This program is available to any Oklahoma Natural current or prospective customer. Rebates are only available to active customers of Oklahoma Natural in an individually metered residential home or commercial property. Only qualified natural gas equipment will be considered for a rebate. Oklahoma Natural encourages each customer to review all program eligibility and requirements.

6. Completed rebate applications will be reviewed and processed by Oklahoma Natural on a first-come, first-served basis until program funds are depleted. Rebate qualifications and amounts are subject to change. Rebate funds are limited. Funding guidelines for these programs may be changed or discontinued at any time without notice. Please check program website for updates at oklahomanaturalgas.com/rebates. As a further condition to receiving a rebate, applicant agrees to allow Oklahoma Natural's designated representative to enter applicant's premises to verify installation. Applicant agrees that the purpose of this visit is not to assess the adequacy or safety of installation, but merely to verify that qualifying equipment has been installed.

7. This Agreement constitutes and represents the complete and entire agreement between the customer and Oklahoma Natural with respect to the subject matter contained herein, and supersedes any prior and contemporaneous agreements, arrangements and understandings of the Parties, whether written or oral, which are hereby terminated and of no further force and effect. The terms of this Agreement may not be altered, modified or supplemented except by a writing signed by each of the Parties.

8. Oklahoma Natural Gas will apply all uncashed rebate funds to the customer's account as a credit after the 60-day check-cashing window closes. For more information, please contact Oklahoma Natural Gas at 1-800-664-5463. Uncashed rebate checks associated with a closed customer account will be escheated to the state in which you reside.
