1. Oklahoma Natural is not responsible for any decision regarding the selection of equipment to qualify for rebates under our energy-efficiency programs. OKLAHOMA NATURAL DOES NOT MAKE AND HEREBY DISCLAIMS ANY WARRANTY CONCERNING THE MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE FOR ANY EQUIPMENT CHOICE THE CUSTOMER MAKES. The customer is responsible for the full cost and installation of any equipment.
2. Oklahoma Natural is not responsible for any decision about which licensed and qualified contractor the customer selects. Oklahoma Natural encourages its customers to carefully research and select an Oklahoma licensed plumber or heating, ventilation and air-conditioning (HVAC) contractor to install qualifying equipment. Oklahoma Natural is not responsible for any damage caused (a) when a contractor enters a customer's premises or during installation, (b) by poor workmanship or (c) by failure to complete projects. Oklahoma Natural will not intervene in disputes between a customer and his or her selected contractor. Oklahoma Natural also strongly encourages participating customers to be sure any installation conforms to all applicable codes, permit requirements and manufacturer installation recommendations and requirements. Oklahoma Natural is not responsible for determining whether a customer's appliances are installed correctly or safely. In the event you believe an appliance is unsafe or you detect the odor associated with natural gas, you agree to immediately call 800-458-4251.
3. The Department of Energy and others provide information on projected energy savings for different types of appliances and installations. Oklahoma Natural makes no warranty concerning the accuracy of this information or whether the devices the customer selects will accomplish the projected energy and cost savings.

It is the responsibility of the customer to ensure the contractor has completed and signed the application. Applications and additional information are available at www.OklahomaNaturalGas.com/rebates. Oklahoma Natural reserves the right to verify all information provided. Oklahoma Natural issues rebates in the form of checks, not utility credits. The Company is not responsible if the dealer/installer or retailer fails to provide accurate information about the amount of a rebate or eligibility. 5. This program is available to any Oklahoma Natural current or prospective customer. Rebates are only available to active customers of Oklahoma Natural in an individually metered residential home. Only qualified natural gas equipment will be considered for a rebate. Oklahoma Natural encourages each customer to review all program eligibility and requirements.

Rebate qualifications and amounts are subject to change. Rebate funds are limited. Funding guidelines for these programs may be changed or discontinued at any time without notice. Please check program website for updates at www.OklahomaNaturalGas.com/rebates. As a further condition to receiving a rebate, applicant agrees to allow Oklahoma Natural's designated representative to enter applicant's premises to verify installation. Applicant agrees that the purpose of this visit is not to assess the adequacy or safety of installation, but merely to verify that qualifying equipment has been installed.

This Agreement constitutes and represents the complete and entire agreement between the customer and Oklahoma Natural with respect to the subject matter contained herein, and supersedes any prior and contemporaneous agreements, arrangements and understandings of the Parties, whether written or oral, which are hereby terminated and of no further force and effect.
